
Atmospheric nitrogen
N_2
Atmospheric fixation
Industrial fixation to produce fertilizer
Wet/dry deposition of nitrogen
Ammonia volatilization
N_2O
Nitrous oxide (greenhouse gas emissions)
NH_3
Biological fixation (legumes, bacteria)
Denitrification
Water contamination by excess nitrates
Surface/drainage
NO_3^-
Residual soil nitrogen
Fertilizer application
Leaching
NH_4^+
Ammonium
Assimilation of nitrate by crops and plants
NO_3^-
NO_2^-
